*Dear Mr. Gómez*

*By means of this letter, we would like to inform you that nowadays we have in our plant seven winding machines, which are situated in IMEFY's several product lines, all of them working correctly regarding the execution of their job since four years ago.*

*For this reason, I want to inform you that due to the right behaviour of your machines for IMEFY, you will be well valued for future acquisitions within the several offer requests which we could require.*

*Yours faithfully,*

*José Luis Fontecha Albarrán*

*General Manager / IMEFY S.L.*
